Drawings for place will be held at 7:30 in the justice of the peace court at which time those who have not as yet named the machine they will use will have the opportunity to do so, according to the rules and specifications laid down by the committee.

Many of the best hard rock drillers in the world are entered and a new record is expected that will give other mining states a mark to shoot at for years.

The following are entered in the drillers' classic: Louis Goble, Belmont; Dan David and Jack Lamey, Divide; Con. The arrangement committee of the celebration met in secret session last night to decide the challenge of the backing bull owners of Monitor Valley who want the world to know that their bulls are unmanageable. The ranchers would like a chance to demonstrate this fact and it is up to the committee to make doubly certain that this will not degenerate in-

MILLION MEALS GIVEN RUMANIA

(Correspondence Associated Press)

BUCHAREST, June 6.—One million meals were issued to Rumania's poor by the American Red Cross during the month of April. This doubtless saved hundreds of destitute persons who might otherwise have succumbed to starvation. The department of civilian relief of the Rumanian mission of the American Red Cross, which is under the direction of Major George Twose of Chicago, and Miss Florence M. Patterson of Washington, Wis., now has relief stations and canteens at Constantza, Galatz, Braila, Poesani, Jassy, Buzeu, Ilfov, Hudesti, Patlage, Pitesti, Campulung, Rani Serat and Ruchariet.

At Poesani alone more than 50,000 meals are given out weekly to the destitute population. All these cities are centers for a large number of villages. From one of these centers the Americans often may serve with relief supplies from 100 to 300 villages. In addition to feeding those who are not able to provide for themselves, the big American relief organization is supplying the local hospitals and charitable institutions with medicines and clothing and whatever miscellaneous material it has.

With the arrival at Galatz this week of thousands of additional tons of food, Col. H. Gideon Wells of Chicago, chief of the Rumanian mission, plans to extend the activities of his "bull throwing" or conning contest. While "bull throwing" is a favorite pastime in some circles, it should be banned on Independence Day.

The different chairmen report that everything is running along like clock work and the celebration will be one of the biggest events of the kind ever held in Nevada.

The United States naval transport Lake Elizabeth, the big relief ship chartered especially by the American Red Cross to bring supplies to Rumania, has arrived with great quantities of food, oil, soap, hospital supplies, clothing, sheets, thread, needles and sewing machines.

The American Red Cross is endeavoring to meet the great need among the poor for clothing. It already has given out such a great number of garments that its stocks have been greatly depleted. But Col. Henry W. Anderson, chief commissioner of the American Red Cross for the Balkan states, who came to Pomania on the Lake Elizabeth, said he expected soon to receive several thousand additional tons of clothing from America.

ON VISIT TO IRELAND

Jack Baggane, who has been cashier of the First National Bank of Ely ever since the bank started, left yesterday morning on a visit to his former home in Ireland, where Mrs. Baggane and the children have been for the past four years. Mrs. Baggane and the children arrived home just before war was declared and owing to the submarine troubles decided to remain until conditions were safe for returning. Jack will probably stay in Ireland for some months. He was given a splendid farewell send-off at the University club Wednesday evening, which will give him something to think about during his homeward journey. —Ely Record.
